COMMUNITIES & CS
KEY ASKS FOR INPUT

UHC HIGH-LEVEL FORUM 2026

› Rachel Ong

FROM UHC COMMITMENTS TO CONTINUITY OF CARE

- Health Works, National Health Compacts and the UHC Knowledge Hub create opportunities to strengthen UHC.
- Financing responsibilities are changing as countries increase domestic investment and external support shifts.
- The test: do reforms protect access, financial security and community-led services?

PROPOSED ASKS

1. Formal community and civil society roles in Compact and Knowledge Hub processes.
2. Transparent, representative selection.
3. Early access to draft plans and enough time to respond.
4. Funding to make participation possible.
5. A public record showing how input influenced decisions.

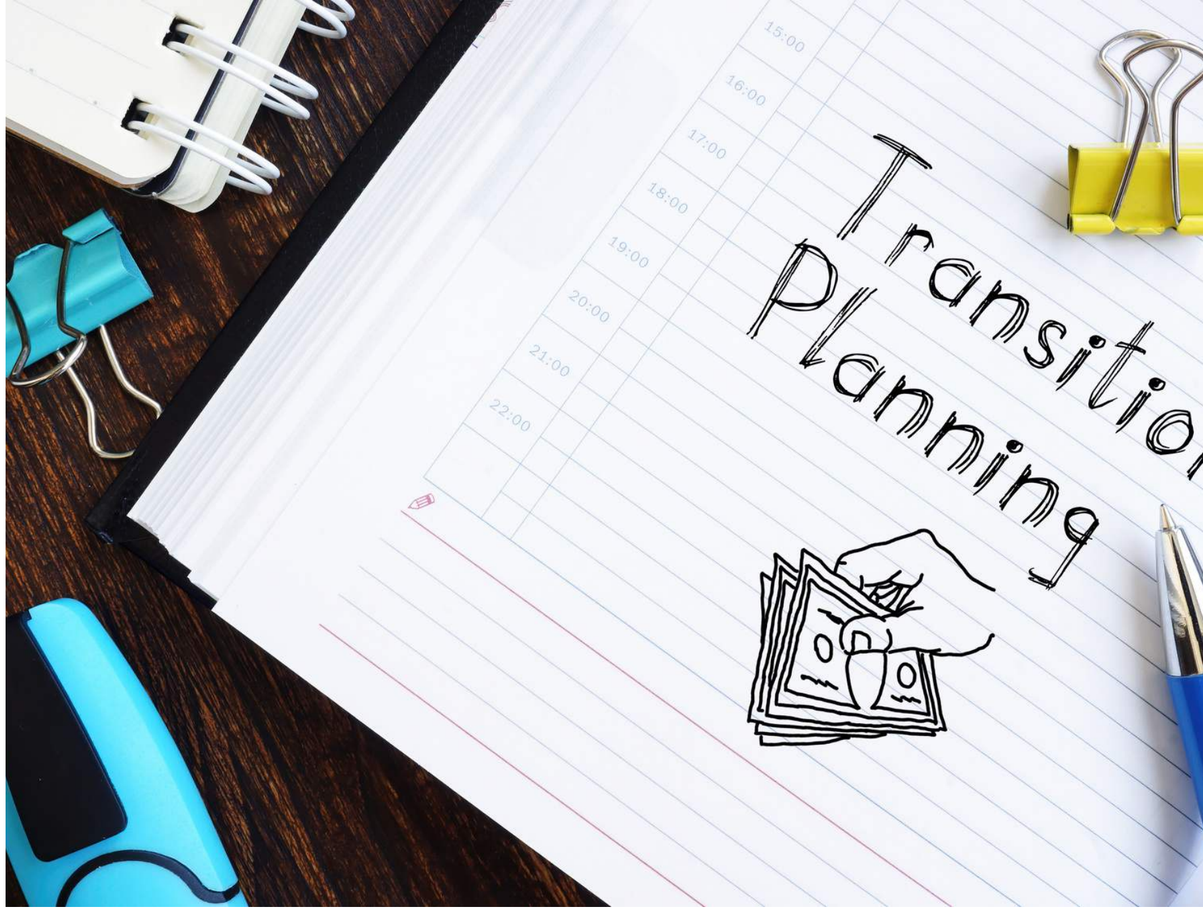
ALIGNING FINANCING, INCLUDING THE GLOBAL FUND

PROPOSED ASKS

- Explain how Compacts relate to national health strategies and UHC commitments.
- Map domestic, Global Fund and other external financing against priorities.
- Clarify who is responsible for aligning resources and addressing gaps.
- Protect community-led delivery and independent oversight.

PROPOSED ASKS

- Cost transition plans with affected communities.
- Identify who pays for each service and community-led function.
- Set realistic timelines for budgeting and releasing domestic funds.
- Maintain predictable external support where domestic financing is insufficient.
- Establish contingency plans and review timelines if safeguards are missing.



SAFE TRANSITIONS AND CONTINUITY OF SERVICES

TRANSPARENCY, ACCOUNTABILITY AND THE KNOWLEDGE HUB

PROPOSED ASKS

- Publish Compact targets, budgets, funding sources and progress.
- Create a formal route to raise concerns and receive a timely response.
- Use disaggregated data and community-led monitoring.
- Co-design Knowledge Hub learning with communities and civil society.
- Assign institutions, actions and timelines for public follow-up.
