

WHO WE ARE

The **Global Fund Advocates Network Asia-Pacific (GFAN AP)** is an advocacy platform of HIV, Tuberculosis and malaria community and civil society in the Asia-Pacific region. GFAN AP supports advocacy for a fully resourced Global Fund to Fight AIDS, Tuberculosis and Malaria (Global Fund), increased and sustainable domestic resource mobilisation for health, and equitable, people-centred, human rights-based and gender-transformative inclusion of HIV, TB and malaria responses within Universal Health Coverage (UHC).

VISION

All people in the Asia-Pacific living with, affected by and/or vulnerable to HIV, TB and malaria can **access quality and equitable health care and services** as part of Universal Health Coverage.

MISSION

Supporting the coordination, convening, and mobilisation of community and civil society organisations **to advocate for a fully resourced Global Fund** that ensures access to quality and equitable healthcare as part of Universal Health Coverage for all people – living with, and affected by, and/or vulnerable to HIV, TB and malaria.

STRATEGIES AND ACTIONS

MEANS TO GET THERE

A. Supporting Community and Civil Society Advocacy

- Developing advocacy campaigns and coordinating their implementation
- Supporting, strengthening and mobilising the participation of a diverse group of community and civil society organisations
- Fostering collaborations through regular convening on key issues and priorities
- Mobilising resources for community and civil society for Global Fund advocacy

B. Contribution

- Directly engaging and intervening in political discourses/ platforms that shape health policies
- Joining/Supporting campaigns and advocacies of like-minded groups outside of the Asia-Pacific

C. Communications

- Providing evidence as basis for advocacy related to health funding, policies and programmes
- Developing advocacy tools and materials
- Coordinating and producing communication materials to maximise outreach to GFAN AP partners and targeted stakeholders

PERFORMANCE INDICATORS

- Number and types of mechanisms and opportunities, and convening efforts organised on key issues to collaborate, strategize, and engage in advocacy
- Number and type of civil society advocacy initiatives/ activities supported
- Number and type of community-based and -led and civil society partners engaged in advocacy/ mobilisation efforts.

- Number of engagement advocacy platforms involved in
- Number of campaigns/advocacies of like-minded groups joined in or supported outside of the Asia-Pacific

- Number and type of materials developed and disseminated, communications released, campaign(s) organised
- Reach of GFAN AP communications – including number of views and interactions on social media platforms

DESIRED RESULTS

- **Increased contributions** from donors to the Global Fund to fight epidemics of HIV, TB and malaria.
- **Increased and sustained domestic financing** in the Asia-Pacific for equitable and people-centred Universal Health Coverage, and health and community systems strengthening – especially in HIV, TB and malaria.
- **Strengthened advocacy** in the Asia-Pacific through inclusive and diverse partnerships with HIV, TB and malaria community-based and -led and civil society organisations for rights-based and gender-transformative health policies and programmes.

OUR IMPACT

All people in the Asia-Pacific region living with, affected by and/or vulnerable to HIV, TB and malaria can access rights-based, people-centred, quality and equitable healthcare as part of Universal Health Coverage.
